

Take Command of your Projects with the Right Construction Software

Benefit from construction management and financial software to manage multiple projects

ProjectPro is designed to automate all your project management tasks. Giving you access to all the real-time project data from your initial budgeting through job forecasting and revenue / profit analysis.

- ✓ Automate tasks to save time and eliminate redundancy
- ✓ Simplify project budget and cashflow
- ✓ Increase efficiency and compliance
- ✓ Get a real-time view of all PM documents, budget adjustments, and billings
- ✓ Take charge of all cost and quantity breakouts, trends, and project forecasting

A Dedicated Construction Accounting Software For Project Managers

 **Streamline Workflow:** A Completely Cloud Construction based on Microsoft Dynamics 365 Business Central ERP

 **Saves you Time:** Enter information easily once and have it available throughout your cloud-based complete construction solution.

 **Real-Time Inventory:** Know where your materials and equipment components are whether in inventory, near your job site or in shipping from your vendors.

 **Document Management:** Store critical project documents in one centralized location with easy access when needed.

 **Suitable Purchase Planning:** Request vendor and subcontractor quotes, easily convert to purchase orders and subcontract agreements.

Outgrowing your Existing Software System? Upgrade to ProjectPro

ProjectPro fits your expanding project requirements. Our software helps you optimize challenges and opportunities, empowering you to achieve your project goals with utmost efficiency.

Up-to-Date Financial Data

View the most recent accounting and operations data from across the ProjectPro in one location, including job quoting, change orders, and more.

Drill Down for Greater Detail

Project Managers can easily access reports instantly. Also, drill down for more details like invoices and bills on ProjectPro. Keep track of all the tasks easily.

Insights Through Construction Reporting

Filter your dashboard views to see only the projects you want and the data that matters to you. You can restrict user accounts to only showing the assigned jobs.

“

We've been using ProjectPro for over ten (10) years now and it has helped us to manage our jobs and accounting operations from two locations and still all within one database. We have been able to keep our project costs current and generate our job billings timely.

Janet Beaton

Office Manager, GRIFFIN INSULATION

Top Construction Companies Believe in ProjectPro
