

TRUSTED PROJECT MANAGEMENT SOFTWARE

Take Command Of Budget, Resources, and Tasks for Greater Project Success

Streamline your projects with construction project management software.

ProjectPro provides the project management tools necessary to plan and execute construction projects. It allows you to control and manage budgets, budget changes, contracts, change orders, labor resources, vendors, and subcontractors all at the task levels.

Job Task Code Structure

ProjectPro is an intelligent construction project management software that brings you Four (4) Level Task Code Structure, for tracking costs and billable activities. Keep on top of every project efficiently.

Job Cost Categories

ProjectPro has user-definable cost categories for tracking – labor, equipment, materials, subcontractors and more. Users can assign these cost categories to items, resources and even G/L Accounts.

ProjectPro is a well-defined construction project management and accounting software that provides the ability to true-up projects on a timely basis through tracking the estimated costs of the project resulting in recognized revenues and expected profits.

As a construction organization, you can:

- ✔ Improve communication across all departments
- ✔ Meet client expectations and tight budget
- ✔ Keep track of every task with efficiency

Plan and Execute Tasks for Meeting Deadlines and Completion Dates

Be More Organized with Job Tasks:

- ✔ Get an overview of the project, from inception to completion on a single platform.
- ✔ Bridge the gap between planning to do something and getting it done.
- ✔ Digitize workflows and get a clear view of tasks assigned.

Stay Ahead of your Competitors:

- ✔ Keep track of projects and exceed client expectations.
- ✔ Develop a customizable environment for timely project completion.
- ✔ Drive efficiency and consistency within your team

Gain Insights into your Team's Productivity:

- ✔ Use production work units to measure
- ✔ See your job's progress and take actions accordingly.
- ✔ Keep productivity high and deadlines in sight with ProjectPro.

“ We've been using ProjectPro for over ten (10) years now and it has helped us to manage our jobs and accounting operations from two locations and still all within one database. We have been able to keep our project costs current and generate our job billings timely.
